Advantages of 10m Shooting

Focus. The Sport requires immense focus, thus building up the ability to concentrate for prolonged periods of time

Concentration. The sport tremendously improves concentration levels of students. You will find a definite improvement in your child's concentration in studies also as a result of his becoming a shooter

Self Reliance. During competition, the child has to fend for himself/herself. The shooter learns at a young age the art of self reliance

Age No Bar. From 8 yrs old to 80 yrs, shooting embraces all. The oldest national champion is Chandro Tomar who is a gold medalist at the age of 78.

Physical Prowess. Let's face it - not all children are born athletes. Shooting gives a great chance to the less active children to taste success in sports.

Positive Self Esteem. Hitting a bulls eye raises the self esteem of the shooter no end, and makes them more confident of achieving results in life

Easy to Achieve Results. Being an individual sport, it is much easier to achieve success, and win medals at the state and national levels

Sports Quota. Winners get sports quota in colleges and in jobs also
